

SAS (Virtual) Health User Group

29th October 2020

Use the widget toolbar at the bottom of your screen to:

Ask questions during the webinar by using the Q&A widget

Provide feedback on the webinar through the Survey widget

Access related content by clicking the links in the Resources widget

View and post webinar-related tweets using the Twitter widget

Get technical help via the Help widget

Minimize or maximize a widget using the controls

Resize any widget by dragging the lower right corner

Why are we here?

Collaborate and Learn from Others

Share knowledge and experience across pan-Canadian Healthcare organizations

Share Healthcare Specific Use Cases

Discovery solutions and projects to address healthcare focused use cases

Interact with Healthcare Analytics experts

Build your network with other Canadian (and Global) SMEs leveraging analytics to solve complex healthcare challenges

For the Users, By the Users
