

FANS - Nordic SAS User Group

Meet your peers and build your network

SAS User Groups provide an excellent opportunity to meet other SAS users, share knowledge and experience, and learn more about SAS solutions from colleagues, peers, and SAS experts. Whether you are a seasoned SAS software user with experiences to share or a newcomer who would like to learn, a user group is an excellent way to help you get the most value from your SAS technology. User groups offer a unique opportunity to:

- Get an immediate return on your time investment. You can apply the techniques and skills you have learned when you return to work.
- Learn what has worked from other users and SAS professionals dealing with similar challenges.
- Get to know other SAS users and tap into local SAS resources.

FANS – Four Associations of Nordic SAS users

- Since 2005, various user groups in the Nordic countries have offered different events and activities to local SAS customers. In 2016, we strengthened the program by bringing them together under one joint brand, [FANS](#).
- You can expect the same vibrant local network groups that meet regularly, in-person or virtual. We also offer SAS Customer Days, where we agree on relevant content for your organization.
- You will also find online offerings like the in-depth Ask The Expert Webinars, a Nordic Online Community, request a 1:1, 30-minute session with Meet the Expert, and access to presentations from Network Meetings across the borders.
- You get access to a larger pool of peers and experts and can network and share experiences.
- Included in the membership are tickets to local SAS Events/FANS Events and international SAS Events (SAS Innovate 2024), part of the cost-efficient membership package.
- You also get discounts on several SAS Training offerings.

FANS – membership packages 2024

Being a FANS member gives you several benefits, and the package for 2024 is presented below. If you use all activities to the full, the value you get in return is worth several times the actual fee.

**** Write "FANS member" in the comments when ordering. It is not for subscriptions with 200+ courses.

FANS Network Meetings and SAS Platform Overview: January – December 2024

The schedule for the network meetings is announced a month before each event based on requests from the members. You can expect demos and presentations from other peers, customer use cases, partners, and SAS experts. All in-person events include social networking. [See the complete overview and sign up.](#)

The Nordic network meetings are in English, while the country ones are mostly in the local language.

Through SAS Platform Overview, you will get a helicopter view of the SAS® Platform, free of charge. It is aimed at new SAS software users who want an introduction to the applications in the SAS platform. Experienced SAS users can also benefit and get insight into the SAS platform's latest technology and see it all in action

Most FANS Network Meetings 2024 are a hybrid between In-person and Virtual. This allows you to attend from wherever you're situated, although we are hoping to meet you face-to-face and be able to network and socialize.

You will find Dates/Time, the Network, and the Agendas here:
