Detailed agenda:

# Benefits of FANS User Group:

1. **Networking Opportunities:** Offer a chance to meet and connect with like-minded SAS users, which can lead to professional relationships and collaborations.
2. **Knowledge Sharing:** Members can learn from each other's experiences, gain insights into best practices.
3. **Support and Mentorship:** Provides a supportive environment where members can seek advice, troubleshoot issues, and receive mentorship from more experienced peers.
4. **Professional Development:** Enhance your skills and knowledge, making you more valuable in your professional field.
5. **Connect with SAS experts / FANS partners:** Gain new knowledge from experts and develop your expertise. An opportunity to ask experts about problems you might have.
6. **Stay updated:** A way to stay ahead on new products coming up, latest trends and technologies and knowledge about SAS's roadmap. A possibility to give feedback and maybe influence the roadmap.

User groups are a valuable resource for anyone looking to grow their skills, stay informed, and connect with others in their field. Whether you're a beginner or an expert, there's always something to gain from being part of a user group.
